Section 7.01 Building Usage Policies

Non-Member Use of New Hope Presbyterian Church

Building Use Procedures

New Hope Church is blessed with facilities that are to be used for religious activities to the glory of God, and for other activities that meet the spiritual, intellectual and social needs of its members and the community. The cost of operation is borne by the church, except when usage is permitted for any organizations and non-member individuals.

All official activities of the church, e.g., meetings, meals, will be scheduled with the church secretary by the responsible church member. The church secretary is responsible for recording dates and times on the master calendar. Each standing meeting will have an assigned room and time and will be expected to use that room unless other arrangements have been made. Any conflicts or questions will be resolved by Buildings and Grounds.

Requests for building use by members of New Hope Church will be forwarded to Buildings and Grounds, and will be approved for use at no charge when suitable space is available. Members will be required to sign the building usage form, which will serve as confirmation of their reservation, and accept responsibilities as outlined therein. B&G will strive to accommodate member use of facilities, negotiating shared usage or alternate dates as needed.

Requests from non-members will be forwarded to Buildings and Grounds and will be subject to established usage fees. Non-members or organizations will be required to sign the building usage form, which will serve as confirmation of their reservation, and accept responsibilities outlined therein. All non-member usage requests will come before the session. Groups seeking regular usage of the building, such as Girl Scouts, and twelve-step groups, shall submit a building use form and seek approval of the session annually.

Following events (exclusive of regular church-related meetings) Buildings and Grounds will inspect the area(s) used.

Non-Member Use of New Hope Presbyterian Church

Use of the Sanctuary for Events Other Than Weddings/Funerals

New Hope Presbyterian Church recognizes the close ties between the arts and one's spiritual life. For this reason, the church occasionally makes its sanctuary available for artistic performances.

Anyone wishing to use the sanctuary for this purpose should fill out a building use request form and meet with the Pastor to discuss the event well in advance of the requested date. Additionally, the Director of Music must approve the use of existing musical instruments. A guest organist/musician may be asked to demonstrate competency in the proper use of New Hope's fine instruments. After the Pastor, the Director of Music, and the Worship Committee have given their approval and after the Building and Grounds Committee has confirmed that the space is free at the requested time and day, the request will go to the Session for final approval.

Decorations, Photography, and Recording

The beauty of New Hope's sanctuary resides in its simplicity and connection with God and nature. For this reason, the furnishings are normally to remain in place, with no additional decorations

added. Adjustments to this practice would need to be approved by the Pastor. The organizer of the event should inform guests about desires regarding photography.

If an organizer wishes to have the event recorded or videotaped, s/he should discuss this with the minister. Recording and videotaping from designated positions in the church is permitted. The minister will identify these positions. The organizer is responsible for providing recording/video equipment and someone to use the equipment.
